

# Rejuvenator® Ultra Soft-Cell No. 501

**5 YEAR WARRANTY**

## Performance: **ULTIMATE**

**Rejuvenator®** is 100% **urethane**, an incredibly premium sponge compound that's more resilient than any other anti-fatigue mat. Rejuvenator® is named for its ability to keep standing workers energized and comfortable. Its urethane compound is **totally crush resistant** and offers exceptional chemical resistance, more than most rubbers and vinyls. **Nothing else feels like it. Nothing lasts like it.**

**Virtually indestructible, Rejuvenator®** consists of a closed-cell urethane sponge totally encapsulated by a dense, 1/8" thick, urethane skin. This **exterior skin** provides outstanding abrasion resistance in high use areas. Finally, the underside of the mat is textured urethane that grips smooth floors to prevent mat movement. First class comfort and durability make Rejuvenator® an **indisputable long-term value.**
